Thanks Tony

I also wanted to set up a time to talk about the Pend Oreille TMDL. Dave Croxton, Jim Bellatty, Melissa Guildersleeve and I had a call over the holidays about trying to set up a meeting with EPA and Ecology. Melissa wanted more information on how technical the subject matter was likely to be before deciding who should be at the meeting. We agreed that I would call you to discuss some of the things that we have some concerns with on the TMDL.

I am in all of next week, except possibly Monday. I am in tomorrow and could talk between 10 and 11 or noon to 1 pm. I am also in the rest of the day today.
